

Dear McKay Families,

As students begin the 2020-21 school year, it's important that our students who plan to participate in Oregon School Activities Association (OSAA) **sports and/or activities** are aware of, and follow requirements for eligibility.

The OSAA does have minimum academic requirements for participation. SKPS students must meet ALL of the following minimum OSAA academic requirements as:

_____ **Enrollment**

Students must be enrolled in at least 1.5 credits (three of four classes) during the quarterly grading period of the season they wish to participate.

AND

_____ **Credits Earned, Previous Grading Period**

Students must have earned (passed), at least 1.5 credits during the previously transcribed quarter.

AND

_____ **On-track to Graduate**

Upon entering the 2020-21 school year, students need to have earned at least:

- Sophomores (Grade 10): 4.5 credits
- Juniors (Grade 11): 10.0 credits
- Seniors (Grade 12): 17.5 credits

These requirements are in place for all SKPS students, including students participating in the EDGE Online Program who plan to participate in **sports or activities** with their home school.

If you are not sure if you or your child will meet any of these OSAA eligibility requirements, please contact the Athletic Director at your home school. If you feel that although you do not meet any of the above requirements, participation eligibility should be granted due to individual circumstance, there is an OSAA eligibility appeal process that your Athletic Director can assist you with.

McKay
